CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## Rardin Halts Plan Abolish Vet Office

Possibility that the county veterans service office for negro veterans in West Palm Beach will be closed and the office operating funds diverted to other use was seen this week in a request made to the county commission.

County Commissioner Paul Rardin diverted what appeared to be an immediate step to close the office when he urged his colleagues not to be hasty. Instead of taking immediate action, Rardin suggested that time be taken to study the request made by the county veterans service committee.

George Peers, veterans' service officer from Lake Worth, acting as spokesman for the committee, said recent closing of Veterans Administration facilities has caused county service officers to shoulder a double work load.

He asked that the Negro service office be closed, that the service officer, William Mitchell, be retired and that funds budgeted for Mitchell's office be used to hire a secretary.

He also proposed that the Lake Worth and West Palm Beach service offices be combined and that the commission provide adequate office space to handle the merger.

Commission Chairman E. F. Van Kessel said a survey throughout the state disclosed that Palm Beach County does more to aid its veterans than any other area.

He surmised that this might have been a reason for the VA to pull out of the area—"we are doing too good a job."

The board decided that after the veterans service committee puts its request in writing, a committee will be named to study the request. Further action was set for the county board's first meeting in February.

*"Today we need a nation of Minute Men . . . .  
citizens who regard the preservation of freedom  
as a basic purpose of their daily life . . . ."*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration  
as the 35th President of the  
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

## \$10,000 Fish Swims In Florida Waters

TAMPA—Fish in Florida waters will be sporting valuable money tags again in 1963 with the drawing up of plans for the new Schlitz \$500,000 Florida Fishing Derby, the third annual recreation and research event.

Conducted with the cooperation of the Florida Game and Fresh Water Fish Commission and the Florida State Board of Conservation, the derby is sponsored and financed by the Jos. Schlitz Brewing Co.

Awards in the 1963 derby will range from \$25 to \$10,000. It will follow in general the pattern of the two previous derbies with certain innovations to provide greater incentives to fishermen.

This year, all uncaught "old" fish from the 1961 and 1962 derbies which are brought in will be worth at least \$25. And a number of the "old" fish will be designated for special conservation awards of \$500 and \$1,000. It is hoped this innovation will bring in fish

that will be valuable from a research standpoint.

Some 2,000 tagged fish were caught in the 1962 Schlitz derby for total awards of approximately \$84,000. Two of the \$10,000 fish were caught in 1962, a bass by Ned English of Tampa, and a salt water drum by John Beamon of Daytona Beach.

## Tent Revival Has Good Attendance

Evangelistic services are being conducted nightly in a tent near the Kwik Chek store in Belle Glade by Evangelist E. J. Daniels. Attendance has been good.

Services begin nightly, with a special program for boys and girls at 7:15. Dr. H. H. Murphy, retired physician, donates his time to conducting the services for those between the ages of 4-12. He uses two gospel dummies as well as gospel magic to assist him in giving Bible stories to the children.

Also at 7:15, Dr. Daniels speaks to the teenagers on "Love, Courtship, and Marriage." These services, held in a special "Teen Tent", have attracted as many as 500 young people in some crusades.

One of the outstanding attractions of the crusade is the showing nightly of a color movie. Commencing at 7:30, these movies depict the story of Christ from his birth through his life. The musical program, featuring Lowell Leister, music director, and John Bos, organist, begins at 7:45.

## Christian Science Group Of Canal Point

The divine answer to humanity's most perplexing problems will be stressed in a Lesson-Sermon on "Love," to be heard this Sunday. Highlighting the Bible readings will be this passage from I John (4:7): "Beloved, let us love one another; for love is of God; and every one that loveth is born of God, and knoweth God."  
 From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 340):  
 "One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love thy neighbor as thyself'; annihilates pagan and Christian idolatry, whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed."
